

Town of Washington

Vilas County, Wisconsin

POLICY FOR PLACEMENT OF PRIVATE SIGNS ON FIRE NUMBER POSTS

1. Fire number posts and number signs installed by the Town of Washington and placed either upon town right of way or upon private property are, and remain, the sole property of and under the jurisdiction of the Town of Washington.
2. Except for the fire number sign provided by the Town of Washington and properly installed, no other signage or any other appurtenance may be placed upon or affixed to a Town of Washington fire number post, with the exception of permitted lake association membership signs.
3. Lake associations must receive permission from the Board of Supervisors prior to issuing lake association membership signs that are to be installed on Town of Washington fire number posts. Permission shall be conditioned upon the following requirements:
 - a. Lake association membership signs shall be, as measured in overall square inches, smaller than the Town of Washington fire number sign as measured in overall square inches.
 - b. Lake association membership signs shall not be of the same color combination as the Town of Washington fire number sign, i.e., *white lettering on a green background*.
 - c. Lake association membership signs shall not be printed or manufactured using any type of reflective materials.
 - d. Lake association membership signs shall be installed with the top edge of the sign at least 2 inches below the bottom edge of the Town of Washington fire number sign. The installation of a lake association membership sign shall not in any way cover or obstruct the Town of Washington fire number sign.
4. Lake association membership signs installed on private property, not utilizing the Town of Washington fire number signpost, shall be installed in such a manner as not to in any way obstruct the existing Town of Washington fire number sign.
